

## Table of Contents for Small Ruminant Resource Manual 2014

*At 978 pages, the manual is a very large PDF. It is navigated with bookmarks and arranged by chapters. Click on the “+” sign beside chapter name to show all the articles within the chapter; then click on the article title to jump directly to that article. Each chapter opens with a list of contents and closes with a list of additional resources. Page numbers of the PDF are provided beside each title to assist you in finding and printing a particular article. ATTRA publications are also available by calling 800-346-9140 or by going to [www.attra.ncat.org](http://www.attra.ncat.org).*

### Whole Farm Planning

- Small Ruminant Checksheet—Quick Start—p. 6-7
- Small Ruminant Sustainability Checksheet—p. 8-67
- Small Ruminant Resources—p. 68-87
- Holistic Management—p. 88-99
- Additional Resources—p. 100

### Assessment of Plant and Soil Resources

- Pastures: Sustainable Management—p. 102-121
- Sustainable Soil Management—p. 122-152
- Assessing the Pasture Soil Resource—p. 153-160
- Nutrient Cycling in Pastures—p. 161-224
- Dung Beetle Benefits in the Pasture Ecosystem—p. 225-236
- Soil Health Resources—p. 237-238
- Additional Resources—p. 239

### Animal Resources

- An Illustrated Guide to Sheep and Goat Production—p. 241-260
- Goats: Sustainable Production Overview—p. 261-284
- Meat Goats: Sustainable Production—p. 285-308
- Dairy Goats: Sustainable Production—p. 309-340
- Sheep: Sustainable and Organic Production—p. 341-364
- Dairy Sheep—p. 365-380
- Breeds and Production Traits of Meat Goats—p. 381-383
- Additional Resources—p. 384-385

### Forage Utilization

- Pasture, Rangeland and Grazing Management—p. 388-407
- Ruminant Nutrition for Graziers—p. 408-427
- Multispecies Grazing—p. 428-433
- Rotational Grazing—p. 434-445

Grazing Systems Planning Guide—p. 446-492  
Extending Grazing and Reducing Stored Feed Needs—p. 493-512  
Use of Goats as Biological Agents for the Control of Unwanted Vegetation—p. 513-516  
Forage Needs for Meat Goats and Sheep—p. 517-525  
Forage Needs and Grazing Management for Meat Goats in the Humid Southeast—p. 526-531  
Forage Based Dairy Goat Management—p. 532-537  
Additional resources—p. 538

## **Health**

Managing Internal Parasites in Sheep and Goats —p. 542-549  
Tools for Managing Internal Parasites in Small Ruminants: Copper Wire Particles—p. 550-557  
Tools for Managing Internal Parasites in Small Ruminants: Sericea Lespedeza—p. 558-565  
Tools for Managing Internal Parasites in Small Ruminants: Animal Selection—p. 566-581  
Tools for Managing Internal Parasites in Small Ruminants: Pasture Management—p. 582-601  
Integrated Parasite Management for Livestock—p. 602-610  
Predator Control for Sustainable and Organic Livestock Production—p. 611-626  
Basic Meat Goat Facts—p. 627-631  
Monitoring the Body Condition of Meat Goats—p. 632-635  
Preparing Meat Goats for the Breeding Season—p. 636-638  
Heat Detection and Breeding in Meat Goats—p. 639-640  
Internal Parasites That Affect Sheep and Goats—p. 641-642  
Dewormer Chart for Goats—p. 643-644  
McMaster Fecal Egg Count Procedure—p. 645-646  
FAMACHA Information Guide—p. 647-650  
Smart Drenching—p. 651-656 (panels) (find on [www.acsrpc.org](http://www.acsrpc.org) site for easy-to-print version)  
Controlling Sore Mouth in Meat Goats—p. 657-658  
Coccidiosis in Lambs—p. 659-664  
Is it necessary to vaccinate goats against overeating disease and tetanus?—p. 665-667  
Scrapie Factsheet—p. 668-669  
Scrapie Identification Requirements—p. 670-679  
Additional resources—p. 680

## **Facilities**

Paddock Design and Fencing Water Systems for Controlled Grazing—p. 682-689  
Goat Housing and Equipment—p. 690-706  
Sheep Housing, Fencing, Feeders, and Equipment—p. 707-718  
Fencing—p. 719-723  
Types of Fencing for Goats—p. 724-728  
Planning & Building Fences on the Farm—p. 729-746

How to Hotwire a Goat—p. 747-749  
Additional Resources—p. 750

### **Marketing/Economics**

Alternative Meat Marketing—p. 753-776  
Direct Marketing—p. 777-812  
Evaluating a Rural Enterprise—p. 813-824  
Keys to Success in Value-added Agriculture—p. 825-844  
Adding Value to Farm Products: An Overview—p. 845-856  
Tips for Marketing Sheep and Goat Products: Dairy—p. 857-858  
Tips for Marketing Sheep and Goat Products: Fiber—p. 859-860  
Tips for Marketing Sheep and Goat Products: Live Animals—p. 861-862  
Tips for Marketing Sheep and Goat Products: Meat—p. 863-864  
Tips for Marketing Sheep and Goat Products: Vegetation Management Services—p. 865-866  
Direct Marketing Lamb to Niche and Ethnic Markets —p. 867-870  
Additional resources—p. 871

### **Organic Production**

Organic Certification Process —p. 874-881  
Organic Certification of Farms and Businesses Producing Agricultural Products—p. 882-889  
Organic Materials Compliance—p. 890-897  
Organic Standards for Livestock Production: Excerpts of USDA’s National Organic Program Regulations—p. 898-913  
Pasture for Organic Ruminant Livestock: Understanding and Implementing the National Organic Program (NOP) Pasture Rule—p. 914-945  
Pastures: Going Organic—p. 946-965  
Preparing for an Organic Inspection: Steps and Checklists—p. 966-973  
Transitioning to Organic Sheep or Goat Dairy Production—p. 974-975  
Transitioning to Organic Sheep or Goat Meat Production—p. 976-977  
Additional resources—p. 978
